

Fleurs-de-Lys

NO THROAT IRRITATION. NO COUGH.

Smoke Fleurs-de-Lys,
then leave them – if you can...

and make sure
you tune in to...

Chester Langfield

Radio Host,

writes:

"Several years ago, when I first began to smoke Fleurs-de-Lys, I noticed that my voice remained unirritated even after a lengthy radio broadcast. I passed this information on to my stars, and now we are all agreed: Fleurs-de-Lys make for a delightful smoke and most assuredly protect the voice, eliminating any coughing, which often interrupts a perfect performance."
